

We were the DJs at the Quicksteppers "Hot August Nights" on 8/17/13. Below is a list of dances played (46 total). Request initials are only 1 of the 2 criteria associated with how popular a dance is. The 2nd one is when folks run to the dance floor when a dance is called even though those folks haven't signed up for a particular dance. This happens a lot and the floor can be jam packed even with a dance with not as many initials next to it as others. The number of request initials, of course, is a definite guideline for the DJ and most of those are played.

Most requested of the newer dances: A Liquid Lunch and The Lone Ranger (tied)

Most requested of the club long-time favorites: Happy Dance, Pontoon, Something In The Water (all tied)

Most requested of the oldies-but-goodies: Silk & Satin and Tumbleweed (tied)
