

Denny and I were the DJs at the Quicksteppers' dance on Oct. 4, 2014, Belmont, CA. This was our last DJ gig, as we are retiring from the DJ world. It's been 20 years (about 18 included QS), and a fabulous ride. I wouldn't change a minute of it! We had 60+ dancers last night, and many more would have come but there was a wonderful 90<sup>th</sup> birthday (Lorraine) to celebrate up in Corning and many QS folks attended that party. We are not leaving the dance world. We'll just be dancing on the other side of the DJ booth! Thanks to everyone for coming Saturday. We greatly appreciate it.

On another note, and very important, and this is for San Francisco Giants fans: We were dancing the Tush Push, using the song Centerfield (a baseball song) at the same time the playoff baseball game was being played between the Giants and Washington Nationals. Just as the dance was ending the Giants hit a home run in the 18<sup>th</sup> inning to win 2 to 1! Who says FAN SUPPORT doesn't count?
